THZ157CA | Targus Vuscape™ for 3rd/4th Gen iPad®

The Vuscape from Targus is the beacon of quality for iPad cases. Lined with industry leading soft-to-the-touch material, this case protects from the inside out. The exterior is made with a durable padded shell that is also water resistant; this quality material wipes clean. The Vuscape case boasts a custom fit cradle, making sure your iPad stays in place while viewing in the hands-free stand, and has a convenient magnetic on/off feature. Convert this case three ways to get the most out of your iPad viewing experience or switch positions to go to typing mode. And while you are carrying your iPad around, don't be afraid to show off your new Apple branding with the keyhole display in the back. Be sure that your iPad 3rd or 4th generation is completely covered with the Vuscape case from Targus.
